

# FUEL SUPPLY GUIDELINES

---

2023

[racefuels.info](http://racefuels.info)

# Fuel Registration Process

Each Competitor must register an account directly with RaceFuels to receive fuel supply. Competitors may register either online via [www.racefuels.info/registrations](http://www.racefuels.info/registrations) or through the PDF form provided via Category Management.

It is up to the Account Holder to inform RaceFuels directly of any changes to Competitor details lodged in this registration form. RaceFuels will continue to invoice Competitor as registered until notified otherwise.

RaceFuels delivers and invoices via the entry list provided by Category Management. If your entry is a late withdrawal please make direct contact with RaceFuels to avoid fuel delivery charges.

## Payment

Credit cards provided in account registrations are charged approximately 14 days after the event.

## Tax Receipts

Tax receipts will be sent via the registered email after payment has been received by RaceFuels. This may take up to 7 days.

## Pre or Post Event Fuel Enquiries

Please email [info@racefuels.com.au](mailto:info@racefuels.com.au) or contact RaceFuels Head Office on (03) 9706 5233

# Safe Refuelling Guidelines

## Please always refer to category regulations

All refuelling must be carried out in the pit garage or the paddock area and must conform to the following requirements:

- always with the car's engine switched off; and
- always with the power switched off; and
- with a fire attendant present; and
- ensure there are no hot works in the immediate vicinity; and
- personnel handling fuel discharge themselves of static electricity prior to participating in any refuelling/fuel transfer procedures; and
- mobile phones and electronic equipment must be switched off in the immediate vicinity of the draining or refuelling procedure; and
- member's of the public must be vacated from the pitbay (and adjoining pitbays) during refuelling.

**Note that an empty drum is considered the same as a full drum for the purpose of storage.**

**Spill kits**

As required

**Fire Extinguishers**

As required

**Eye wash bath**

As required

# Fuel Delivery Schedules

Each category will be supplied with a fuel delivery schedule prior to each round. Categories are restricted to the delivery times as scheduled.

Drums will be collected from Competitor's pitbay at scheduled times. RaceFuels **will not** enter pitbays and will only collect accessible drums.

Full drums will be **returned** to Competitor's pitbay. If fuel is not required, please leave RaceFuels staff a note saying 'no refuel' or hold on to drum until the final collection.

Due to servicing requirements for all participating categories, any deliveries outside of the scheduled times may be delayed.

## V8 Touring Cars

1 x 50L drum of E-85 Race Blend or 98 RON

Speed Series Fuel Supply:  
**Matt Smith: 0490 736 407**

Fuel delivery schedules:  
**[racefuels.info](http://racefuels.info)**

The logo features the text 'E-85' in a large, bold, italicized font with a white outline and a green fill. Below it is a horizontal line, and then the words 'E-85 RACE BLEND' in a smaller, white, sans-serif font.

E-85 RACE BLEND

## E-85 RACE BLEND

RaceFuels blends, tests and batches **E-85 Race Blend** to a consistent formula, from our facility at Dandenong South. Tests are performed throughout the production process, with consistency of blends between batches the key to RaceFuels' quality control.

### E-85 RACE BLEND TECHNICAL CHARACTERISTICS

ETHANOL  
85%

98 RON  
15%

DENSITY  
0.79

## 98 RON Control Fuel

RaceFuels sources **98 RON CONTROL** direct from the terminals using dedicated road tankers and above ground storage tanks to ensure maximum quality.

Strict handling methods ensure that the fuel is supplied into Australian motorsport as a reliable alternative to service station pump petrol.

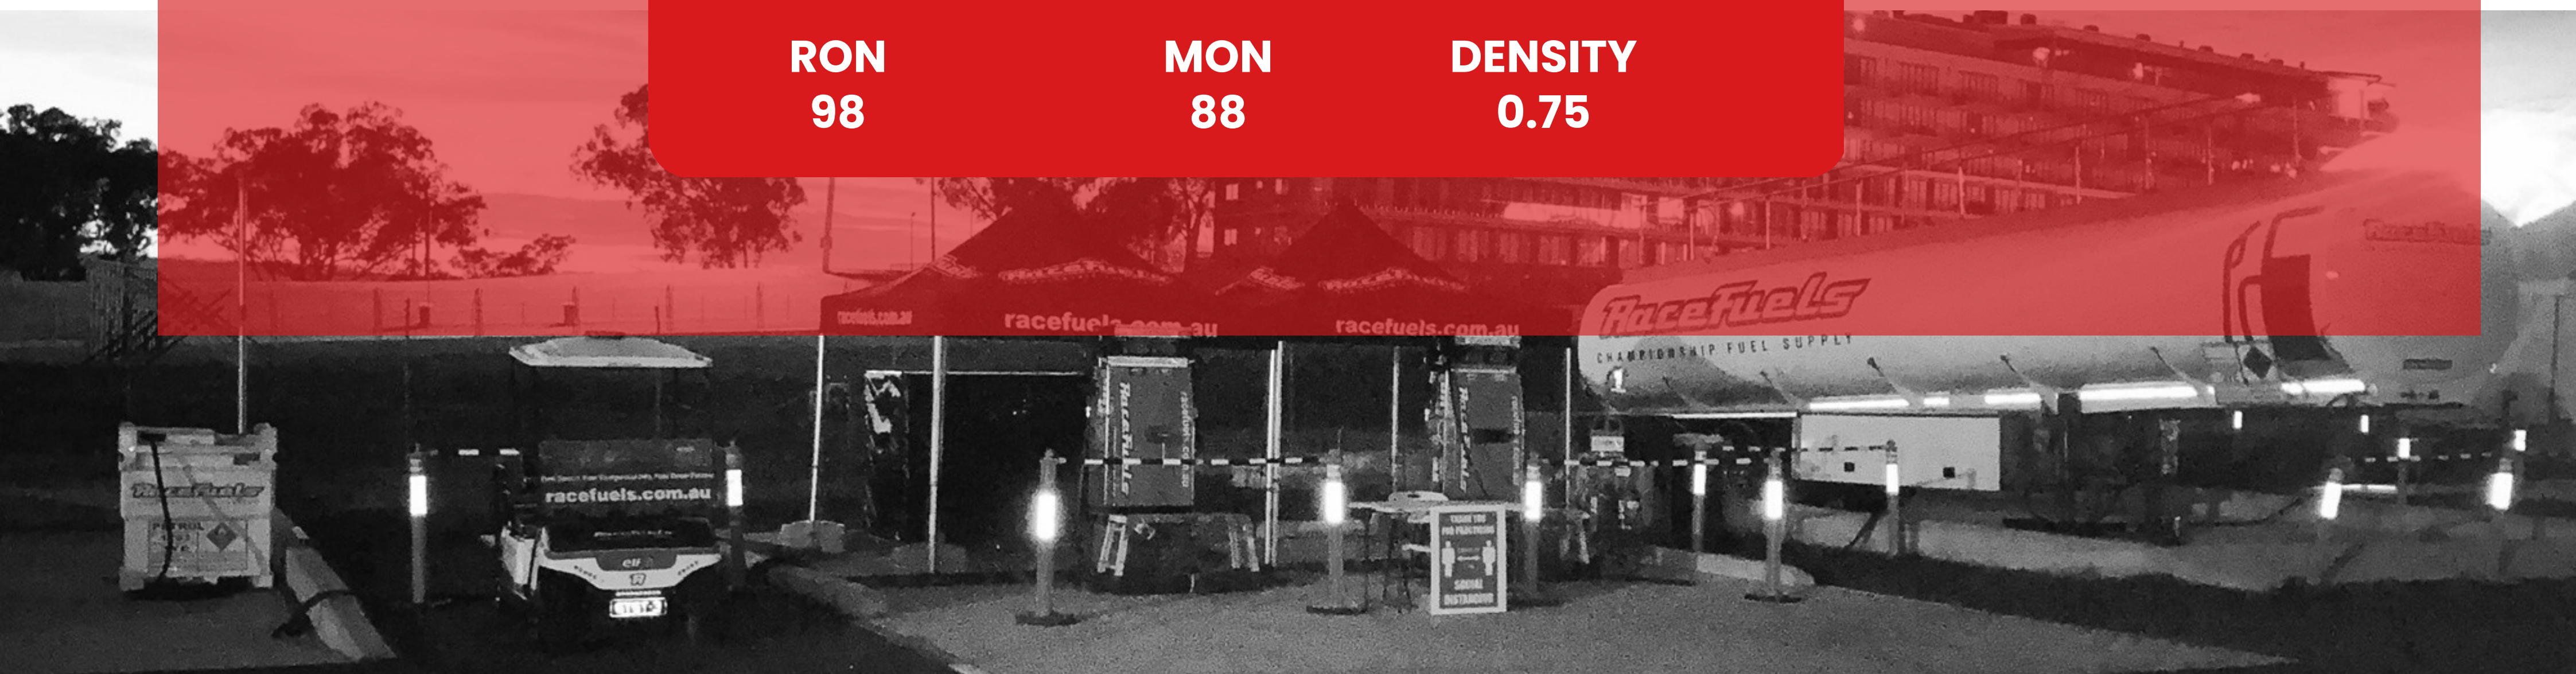

RaceFuels' **98 RON CONTROL** is dyed red for identification and scrutineering at events.

## Returning RaceFuels Property

Jerry cans and drums provided at each event **remain the property of RaceFuels** and must be returned at the conclusion of each event.

In order to return jerry cans or drums please place outside of pitbay for the final collection as per event fuel delivery schedule.

**Failure to return RaceFuels' property will incur a fee starting from \$50.00.**

RaceFuels will only credit returns of **FULL JERRY CANS OR DRUMS.**

Returns need to be lodged with RaceFuels' Event Contact **BEFORE** final scheduled collection.

These can be lodged via text message to RaceFuels Event Contact stating the amount requested to be returned (eg50L) or by visiting the RaceFuels Event Fuel Compound directly.

**RaceFuels will not credit abandoned fuel left outside of pit bays.**
